## Your Legal Rights Under Midwest's Limited Warranties

All the Midwest Limited Warranties stated in this document are the only express written warranties made by Midwest applicable to the **ShoreStation** lift. These Limited Warranties give you specific legal rights and you may also have other rights which vary from state to state. You may have some implied warranties, depending on the state in which your lift is registered.

#### For example, you may have:

- An "implied warranty of merchant ability" (that your lift is reasonably fit for the general purpose for which it was sold).
- An "implied warranty of fitness for a particular purpose," (that your lift is suitable for your special purposes; if your special purposes were specifically disclosed to Midwest itself – not merely to the distributor or dealer – prior to purchase).

These implied warranties are limited, to the extent allowed by law, to the time covered by the written warranties set forth in this publication. Some states do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.

#### Subsequent Buyer/Owner:

This warranty is extended only to the first buyer/owner of the lift. This is defined as the first legal owner of a Midwest **ShoreStation** other than an authorized Distributor or Dealer who has bought the lift from Midwest for resale to the public.

#### Lift Alteration:

This warranty does not cover alteration of the **ShoreStation** lift or failure of lift components caused by such alteration.

#### Production Changes:

Midwest and its distributors/dealers reserve the right to make changes in **ShoreStation** lifts built and/or sold by them at any time without incurring any obligation to make the same or similar changes on lifts previously built and/or sold by them.

## What your Midwest Limited Warranties Do Not Cover

**Midwest Limited Warranties do not cover any lift assembled by an entity or entities other than a ShoreStation dealer/installer.**

They do not cover the cost of lubrication, replacing chains, cables, fasteners unless done as the result of a repair covered by your 2-Year "Basic Warranty".

Your Midwest Limited Warranties do not cover the costs of repairing damage or conditions caused by fire or accident; by abuse or negligence; by misuse; by tampering with parts; by improper adjustment or alteration; or by any changes made to your **ShoreStation** lift that do not comply with Midwest specifications.

Your Midwest Limited Warranties do not cover the cost of adding anything to your **ShoreStation** lift once it is delivered to you, even if parts, components, or modifications are changed or added as a production change on other lifts produced after your lift was built.

## How To Get Warranty Service for Your Lift

Please contact the dealer from whom you bought the lift for warranty service. When contacting your dealer, please provide them with your lift's model number, lift identification number, date of purchase and the nature of the problem.

***Dealers: Midwest Industries reserves the right to have vendors conduct their own warranty. Vendors and Midwest Industries reserve the right to have parts returned for inspection as part of the warranty claim process. Midwest Industries does not cover cost of returning parts.***

Midwest Industries recommends all ShoreStation freestanding boat lifts be anchored both in AND out of the water. Wind-based rollovers are NOT covered by warranty. Protect your investment with an anchoring system. Anchoring a boat lift to the earth can greatly mitigate rollover risk. **See more information in our Anchoring Guide (HA0297).**

**ShoreStation recommends using an anchor(s) system rated for a total of 1000lbs of pull out force. Anchoring is recommended for both regular use and off season storage on dry land if stored outdoors.**
